ACT of Charity e.V.

For a life of human dignity and a real future

ACTOFCHARITY
to be self-reliant

For a life of human dignity and a real future

ACT of Charity supports people, who are lacking the most basic needs. We stand for the orphanage Faith Community Children's Home Malindi, Kijewetanga, Kenia, an initiative of the Protestant Pastor Ibrahim Kaingu Kombo. Since 2008 he's been taking care of children who were left behind in his church by hopeless families. Provided with very little resources Pastor Kombo has been trying to build an orphanage out of his private home to give these kids some hope and confidence back.

Day by day, only supported by his poor church community, he fights for the survival and the future of his children. The ACT founded ACT of Charity to give this selfless man and his 70 children sustainable support.

Most important objectives of ACT of Charity

- Human aid for the children directly to their current residence
- To provide personnel support (childcare)
- Save the children's education
- Self-help projects
- To complete and certificate the orphanage
- Infrastructure projects (running water, power supply)
